#### ON THE TURNING AWAY

On the turning away
from the pale and down trodden
and the words they say
which we won't understand
"Don't accept that what's happening
is just a case of others suffering
or you'll find that you're joining in
the turning away."

It's a sin that somehow light is changing to shadow and casting its shroud over all we have known.

Unaware how the ranks have grown driven on by a heart of stone we could find that we're all alone in the dream of the proud.

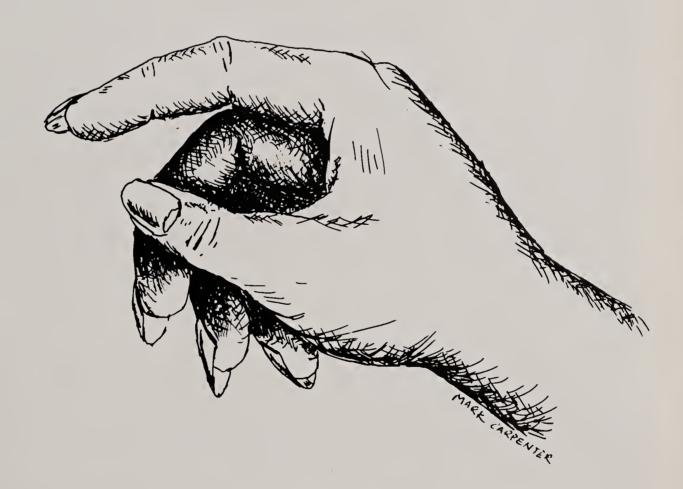

On the wings of the night
as the daytime is stirring
where the speechless unite
in a silent accord
using words you will find are strange
and mesmerized as they light the flame
feel the new wind of change
on the wings of the night.

No more turning away
from the weak and the weary
no more turning away
from the coldness inside
just a world that we all must share
it's not enough just to stand and stare
is it only a dream that there'll be
no more turning away.

- Pink Floyd

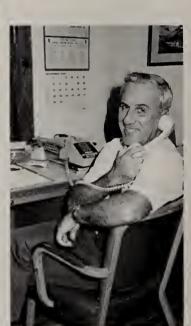

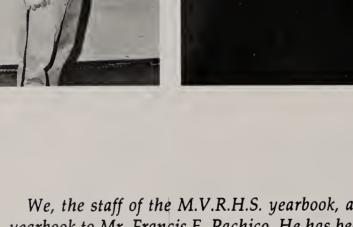

The class of 1989 has distinguished itself by not turning away. For three years the class of '89 raised money for a scholarship fund for needy students in Paucartambo Peru. The class of 1989 began a chapter of Amnesty International at the school to increase awareness of the violation of human rights around the world and to try to combat it.

We, the staff of the M.V.R.H.S. yearbook, are dedicating our yearbook to Mr. Francis E. Pachico. He has been working in the Island School System for 32 years since his graduation from the Tisbury School. He has given his support, friendship, and devotion to both students and faculty by being a physical education teacher, basketball and cross country coach, and superintendent.

Upon his retirement this year, we would like to wish him all the best in the years ahead.

He told me of little pubs on the roadside where you were welcomed to walk in on a cold eve and sip sweet wine. The people were as friendly as they were mannered. He told me that even though the clouds shaded the sun and rain continually fell on the land, people would still go out and look up toward the sky, letting the rain beat gently on their faces. And I told him it was the place for me.

QUOTES: "I've got a shotgun, a rifle and a 4wheel drive, a country boy can survive." —
Hank Williams Jr. "If you love something set it
free, if it doesn't come back, hunt it down and
kill it." "The cops didn't see it, I didn't do it."

Actually, I was never too crazy about high school and won't miss it much. However, over the past four years there have been some pretty great things that I'll be glad to look back on — My favorite Movies: the Star Wars Trilogy, Star Trek II, III, and IV, Aliens, Mad Max Beyond Thunderdome, RoboCop, Raiders of the Lost Ark, Cinderella, E.T., Lady and the Tramp, Mask, Iron Eagle
Also, Open Water I Diving Certification, "Imaginary Invalid" performances, the Thunder-Cats, Sign Language, JRNY, C.O.T. Productions, Great Woods, some great traveling, my movie poster collection, and, of course, Mom, Dad, 'n the Cats.
